

*Protect Our Schools and Communities*

# Vote **NO** on Amendments 2 and 4

Two constitutional amendments will be on the November ballot that are designed to take authority and resources away from local governments and school systems by giving authority for schools and taxes to the state legislature.

Amendment 2 will not improve our communities but will give huge tax breaks to large, mostly out-of-state corporations. That loss of revenue will cripple our county governments and public schools. Those local taxes are used in our communities for schools, police officers, EMTs, parks, libraries, senior services, etc.

Amendment 4 will give the legislature more authority over our public schools to continue their assault on public schools and public-school employees. We need knowledgeable experts focusing on our public schools, not part-time legislators. We need to keep politics and political agendas out of our classrooms.

We need stability, not political agendas in our communities and our schools. Stop the legislative power grab.

**Protect our communities and our schools – Vote **NO** on Amendments 2 and 4!**
